

Driver license and state ID extension

Driver licenses and state identification cards that expire in the months of March, April, May and June 2020 are automatically covered by a 90-day extension. Licenses that expired prior to March are not eligible. The extension took effect on March 18, 2020. Licenses will no longer be effective for driving after the 90-day period unless they are renewed.

The extension includes all valid O'ahu driver licenses, learner permits and identification cards. Late fees will not be assessed during this period for those qualifying for the extension. This does not apply to licenses that have already expired.

Driver license and state ID renewal by mail for 72 years of age and older

Drivers 72 years of age or older with a valid (unexpired) two-year license expiring this year, can renew their driver license by mail. Those with a previously reported medical condition will not be able to renew by mail, as these would require a secondary clearance for public safety. The same mail-in renewal option for residents 72 years and older is offered for renewing a valid state ID.

Driver license applicants who are 72 years of age and older can mail in:

- A completed, signed application form
- A check for \$10 for a two year driver license renewal or \$40 for a state identification card. Make the check out to the City and County of Honolulu
 - * While it is not required, if you are able to obtain a certificate from a doctor's visit within the past 12 months, include the eye doctor's vision certificate
